To Whom It May Concern:

I am very disturbed by the current settlement offer made by DOJ in the Microsoft antitrust case. In particular, I am in complete agreement with the critique of the settlement posted on <http://www.kegel.com/remedy/letter.html>. I believe that increased competition is vital to the growth of the computer industry, and that the current settlement does not go far enough to discourage Microsoft's anticompetitive practices.

I urge you to discard or improve the current settlement.

Yours truly,
